LOCAL TAX BILL IS \$507 A PERSON, SAYS HARDISON

Taxpayers in Santa Clara County last Monday shelled out an average of \$507 a person to Uncle Sam as their share of California's three billion dollar federal individual income tax bill. A. C. Hardison, president of California Taxpayers' Association, said early this week.

This amount contributes \$180,304,000 for the 355,500 people of Santa Clara county, Hardison pointed out.

"Direct individual income taxes of about \$3,000,000,000 are only about half of the \$6 billion total bill which Californians must pay to Uncle Sam," he said.

"In addition, about 3 billion of indirect federal taxes are paid by Californians in the corporation, excise, and other federal taxes included in the price of things they buy.

"Even with federal taxes at their present high levels, the federal government is expected to go into debt some six billion—about the same amount as Californians are paying in taxes—for this current fiscal year.

"If no cuts are made, federal spending for next year, as proposed in the \$78,600,000 budget now before congress, will put the nation about \$10,000,000,000 deeper into debt.

"The go-slow' policy of the new administration is fine—but present congressional leaders have seen waste and extravagance for years and have been unable to get very far in their efforts to eliminate unnecessary spending.

"Now they have their opportunity to cut down spending—and to cut taxes too.

"Safe tax reduction can follow expenditure reduction. Without reduced spending, tax cuts can be dangerous and inflationary."

Branding the past record of government spending as "federal improvidence," Hardison said:

"Government spending must be controlled if Californians—and all Americans—are ever to get out from under a tax burden that could destroy the nation."

Hardison urged that the federal budget be balanced by limiting expenditure to income, eliminating waste and unnecessary programs, restoring to congress "control of the purse," and improved procedure of congressional fiscal control.

"In addition," he declared, "we should start to reduce the national debt and set up a commission to determine the proper functions of government and their financing.

Seven members were chosen to the board of directors, including President, L. E. Means, Eugene W. Barnes, Harold Estensen, G. E. Jeffers, Lowell Benson, Cel Gerevas, and Jack Arends.

Campbell Carnival Is Huge Success, Say Committee

It was truly a family night when the Campbell Grammar School P.T.A. held its "Campbell Carnival" at the school on Friday. Approximately one thousand persons filled the halls and rooms to participate in the many contests and sales, and over 700 were served dinner in the cafeteria. Even Ebb Bohn (the Farmer) was on hand to give gum to the children.

There was something for everyone to enjoy. The younger children liked the movies, while the older students preferred the dancing, but all enjoyed the fine entertainment provided by the school orchestra and glee club. Only a complete sell-out brought about the close of the various activities.

Parents, teachers and students acclaimed the night to be a huge success, and attributed its success to the planning and efforts of Mrs. Ray Martin and her committee, consisting of Mr. and Mrs. Howard Keech, Mr. and Mrs. Werner Raab, Mrs. LeRoy Watkins and Mrs. Dorothy Royce, and to Mrs. H. Tragardh and her Room Mothers.

Mrs. Richard O'Flynn, president of the Campbell Grammar School P.T.A., announced that the proceeds totalled \$1,000, which will be disbursed as follows: \$110.18 to the newly-formed upper grade Student Council; \$300.00 to be added to the Library Fund for the purchase of permanent reference books; \$150.00 to be used for the purchase of duplicate sets of primary books to be divided, as the need arises, between the new Hamilton and Cherry Lane Schools; and \$100.00 to be used for redecoration and additional equipment in the nurse's room and clinic. Further disbursements will be made at the next meeting of the Executive Board.

SENIOR PLAY CURTAIN TIME IS 8:00 TONIGHT

A cast of 10, a crew of 19, and an estimated audience of 1,000 will participate in Campbell High School's 1953 senior play "You Can't Take it With You" tonight at 8 p.m. in the High School Auditorium.

The three act comedy, an original Broadway play which played a five year run will be reenacted locally tonight by High School students under the direction of drama instructor Kenneth Wallace.

The play is an amusing yet tender story of a family who know nothing of money except that you can't take it with you. In spite of being always broke they enjoy life to the fullest. Complications to this happy existence sets in when one of the girls falls in love with a young man from a family who believes money is everything.

Six weeks of rehearsal have put the local cast into top form, according to director Wallace, and he promises a full evening's entertainment when the curtain rises tonight at 8 p.m.

KINDERGARTEN REGISTRATION ASKED EARLY

Slow registration of new kindergarten pupils has been reported from some of the Campbell District schools, according to officials. School offices will be open for registrations through March 27.

As some schools may have kindergarten waiting lists, principals point out that it would be to the parents' advantage to register early.

Administrators have asked for cooperation to facilitate planning for next year. Parents should register pupils at schools they will attend. Campbell district schools include Moorpark, Cypress, Campbell, Rosemary, San Tomas and Quito.

Age minimum for pupils is four years nine months on or before September 1, 1953.

CITY GETS \$2,000 REFUND
City of Campbell will be \$2,000 richer this week when Central Fire District pays back fire taxes collected in Campbell after city became incorporated.

ALL IN A DAY'S WORK . . . Rural carrier, Dan Yeager, from Campbell Postoffice, ruefully surveys the row of mail boxes on New Jersey Ave., part of the far flung service provided by the local office. Other rural carriers from the Campbell office face similar conditions as far removed. Route one serviced by Yeager and Route two by Howard Smith are the last

of the rural routes in Campbell. These routes were the first established in the State of California and one of the first in the United States, from the village postoffice of Frederick Weitzberg.

This picture is a takeoff of the March 21st cover of Collier's Magazine which depicts a rural carrier in an identical situation.

Bradley, former mayor of San Jose, and Robert L. Davis, a newspaper man from Palo Alto. Party affiliations will be listed after the candidates' names on the ballot.

A plurality vote will elect and no runoff will be required.

The ultimate winner in the interstate contest to be held in May will receive a \$1500 cash scholarship, which may subsequently be used in attending any accredited college or university of the student's choice.

The competition in the club contest was keen, and several of the speeches were of prize-winning caliber. According to the contest slogan, "All Contestants are Winners," because all have received training in a vital phase of democratic life, as well as valuable preparation for future democratic leadership.

Approximately 450 local contests are being sponsored by Lions Clubs in California and Nevada at the present time. After progressing through local, zone, regional, subdistrict, and area contests, the finalists will appear at the 4th District Summer Conference of Lions Clubs in May. FIRE VICTIMS HAVE EVERYTHING EXCEPT HOUSE

Mrs. Mamie McHatton, and her three grandsons, whose personal effects were completely destroyed in a fire which swept through their home on 43 South Second Street March 8, have everything they need, except a house in Campbell, according to Mrs. Clara Beebe Baldwin, of 32 North Second Street with whom Mrs. McHatton is staying.

Churches, lodges, merchants, and friends in San Jose and in Campbell responded in a generous manner with gifts of food clothing, household effects and even in cash.

Mrs. McHatton wishes to express through the Campbell Press her thanks for the bountiful supplies given.

Red Cross Drive To End Sunday

Red Cross Drive Chairman Emerson Arends announces that the 1953 drive will officially end next Sunday.

"It is too early in our campaign to make any estimate how we are doing in our drive effort. But from indications, the citizens of the Campbell area are going to have to open their hearts a little more. The schools are doing a wonderful job," he said.

"Civic groups are coming through in fine shape. This is true not only in a financial way, but in organizational work. The Horizon Club, of which Mrs. Dave Ribble is guardian, gave us most valuable assistance in preparation of soliciting materials. These girls, Pat Means, Vivienne Andres, Marilyn Hereford, Liz Ribble, Mary Ann Horne, and Dolores Solari were a great help."

"From all indications the drive is behind, but I am sure the people of the area will rally to the cause and we will go over our \$4500 quota," Arends said.

George Washington's Picture Gets Around

In 1950 a picture of George Washington was removed from Campbell Union High School superintendent Laurence J. Hill's office to be placed in a high school senior play called, "What a Life."

In 1951 a painting of a family ancestor was needed in "Arsenic and Old Lace" (a senior play), so a mustache was painted on George, and the set it cut. In 1952 the picture, with eyebrows added, came on the set in "George Washington Slept Here," also a senior play. When Alice Jones and Zilliox heard about this, they dusted off the picture and exclaimed "In 1953 you will be in the senior class play 'You Can't Take it With You.'"

GUBSER VISITS CITY OF CAMPBELL; SEES NO TAX CUT 'AT THIS TIME'; AIRS VIEWS ON WASHINGTON SCENE

Charles S. Gubser, congressman from the 10th District on a visit to Campbell last week for a public reception in his honor Saturday in San Jose and for a speech before the Santa Clara Transportation Club, gave his views on national issues in an informal talk with the Press staff. Commenting on the Washington situation, Gubser said

he was opposed to any income tax cut "at this time," but on the other hand gave hopes that a balanced budget can be obtained.

Gubser said he foresaw cuts in military appropriations which he said "is where the greatest part of government spending goes."

On foreign affairs, Gubser said: "Every move of the Eisenhower administration is part of a well-planned program to take the initiative from the Russians in this cold war," and there is a feeling of confidence in Washington with the new President.

Gubser, himself a farmer, expressed confidence in Secretary of Agriculture Benson, saying he is "delighted with Mr. Benson's long-range program of providing sound farm-price supports."

Gubser is on the manpower utilization committee of the House post office and civic service committee which is now studying the work of civilian employees of the defense department, and indicated this is a field where spending cuts could be made.

Gubser said he voted "yes" on the measure to make Hawaii the 49th state, but he predicted the bill would have rough-going in the Senate.

Congressman Gubser also reported he's a "city councilman" of Washington, being a member of the House District of Columbia committee.

Locke's new duties will be to assign shifts for officers Louis Doolittle, and new patrolman Jerry F. O'Connell, to make reports and to keep other office records, and to oversee equipment.

As yet, no police chief has been appointed, so Locke will not be able to hire and fire officers. The department is still under the direction and control of the police commission of the city council, consisting of Councilmen Joseph V. Gomez, Mayor Richard W. Morton, and chairman councilman James B. Arends. Jr. Locke's new duties carry no advance in pay.

In other council action, Monday night, subdivision, sign and billboard ordinances were given first reading; as well as second reading of an ordinance regulating street excavations in the city. Council also listened to first reading of an ordinance approving the annexation of about 10 acres of lands of D. A. Sanders on Budd Ave., proposed site of new school of Campbell Union School District.

Second reading and adopting of this ordinance (No. 32) is expected at next council meeting.

Broderson, chairman of civic commission of Palo Alto Women's Clubs, guest speakers at Campbell's El Paraiso Council, P.T.A. at the meeting last week, spoke on anti-legislation and other action to curb pending legislation in Sacramento to permit pari-mutual betting in Santa Clara County.

Mrs. Sirgo called for action by petition and letter protests to the State legislature by the 28,000 members of the sixth District P.T.A. which is composed of members from Santa Clara, San Benito and Santa Cruz counties, to attempt to halt the law makers from allowing pari-mutual betting in the counties with the confines of the sixth district.

Locally, Mrs. Sirgo and Mrs. Henry J. Broderson, have discussed the matter with Campbell ministers of the Methodist and Baptist and Congregational churches which officials have agreed to carry the fight by word of mouth to parishioners and residents of the Campbell community.

Already, 100 petitions have been issued with spaces for 25 names on each to be filled out in the Campbell area.

This and other county gambling problems will be taken up at a conference to be held in mid-April at the San Jose Council of Churches. The one day meeting will be under the sponsorship of the council, parent teacher's organizations, church and women's groups.

Primary purpose of the meeting will be to enlighten the public on plans to institute pari-mutual racing at the Sacramento Fair, and the problems that would attend the coming of the betting practice, Rev. J. Wesley Farr, chairman of the social action committee of the San Jose Council of Churches, said.

Farr said he hoped to combat the betting tendency in Santa Clara County with aroused public opinion.

Famed Cabin Boys To Give Concert

The Cabin Boys, famous Negro artists, will present a distinctive and unusually varied concert at the Campbell Union High School Auditorium on April 9th. The musicale is being sponsored by the Lion's Club of Campbell, the Rosemary Home and School Club, the Campbell Community Club and other local organizations. Each of the Cabin Boys is an artist in his own right. Emanuel Mansfield, first tenor and director, studied at Claflin and Morehouse Colleges and the Vose Studios of Boston. He has directed the Princess Anne Claflin and Morehouse college quartets, the Mansfield Singers and the original Victory Quintette of which the Cabin Boys were members. French Film Set For Tonight At Local School

Cambellites who failed to see the San Jose showing of the international prize-winning educational French Film, "Passion For Life" may remedy that situation when it is shown at Campbell Elementary School at 8 o'clock.

Based on a true happening in a small French village after World War 1, it demonstrates how a returning war veteran schoolmaster is able to convince the entire community that his unorthodox teaching methods bring better results than under the old accepted system of "authority, firmness and discipline."

Although the dialogue is in French, it's universal theme and its superb acting almost makes unnecessary the English subtitles which explain it.

"Passion For Life" is being shown in this area under sponsorship of the Family Service Association of Santa Clara County, a Red Feather agency of the Community Welfare Council.

Its public appearance in San Jose March 4-5 was the first in Northern California.

SPIES FLUNK OUT ON ATOMIC FISSION

STEALING THE SECRET of the atomic bomb from Uncle Sam is a mite more difficult than wiping away secrets of state or discovering the site of a new military installation, say nuclear scientists. Spies may be finding this out.

The bomb is making cloak-and-dagger characters from E. Phillips Oppenheim and Mata Hari obsolete, maintain the brains that invented the weapon. They were okay in those slow-paced days of the clumsy battleship, propeller-driven aircraft, and gunpowder, and might earn their "daily three" working in lines where these things persist today, but atomic fission leaves them lacking.

The suave villains of the spy pieces you've read have been pretty clever fellows with a smattering of science, literature and philosophy added to their accomplishments in intrigue, double-dealing and dagger work. You can conceive how one of them might become an atomic physicist. But he can't become an entire staff of scientists and an authority on technology too—which he must do to carry the bomb plans home, scientists say.

Suppose the intelligence chief of a foreign power is briefing his man, assigned to the United States on how to snatch the "papers." "American scientist X... is a notorious devotee of the horse. For enough money to recoup his losses he'll leave the formula in a pumpkin."

The poor boob is confused from the beginning. First, he finds the papers are not concealed in any one place but are locked up in laboratories across the nation. Second, he discovers it would take many acres of pumpkins to hold them all.

Scientist Harold G. Urey says a spy, to obtain any information of value, would have to "carry away voluminous quantities of blueprints and plans," which he would have to gather from scores of research centers.

"Well, insinuate yourself and draw up some bomb plans of your own from what you learn," codes the spy boss from abroad. "We didn't give you that correspondence course in physics for nothing."

Urey said that to teach an

Blown to smithereens—the spy business. As long as governments have state departments, agencies of diplomacy, and military organizations, spies will be able to find employment. But the near-impossibility of a spy's ferreting out the secret of the most dreaded modern weapon—the atomic bomb—has lowered the world's estimation of its usefulness. The complexity of modern science, in which no one scientist possesses the key to the over-all secret, is making it almost impossible for the secret agent to find a "sell-out" man in the field of secret weapons.

enemy spy how to make an atomic bomb would take "weeks of classes, diagrams, textbooks and lectures." Even then, says Urey, he would have to be "a highly qualified scientist."

"Okay," codes the spy boss, "get some of that U-235 stuff and our own scientists will figure it out." This, secret agents might have accomplished, for some of that elusive formula is missing from the Oak Ridge, Tenn., plant. The loss was attributed to inventory discrepancies and the fact that uranium is successively a gas, a liquid and a solid

during manufacturing phases, making it difficult to keep up with.

Three top-ranking scientists—Urey, Herbert L. Anderson, and Harrison S. Brown—say it is extremely doubtful if the amount of the material lost would benefit any potential enemy. Brown says Russia probably has its own U-235 by now.

It took \$3,000,000,000 plus all the facilities of the Aluminum Corporation of America and the steel industry to develop the bomb here. Its secret is in our technological know-how.

Quito Girl Scouts Have Cookie Sale

Mrs. John Greensides, chairman of the Cookie Drive for the Quito School Girl Scouts, announced that the sale would continue through March 28. The girls are confident that those who purchase these delicious cookies during the first week will desire more of them the last days of the drive.

At present, the Girl Scouts at the Quito School are represented by four troops, of which three are Brownie Troops, under the direction of Mrs. Andrew P. Lassen, neighborhood chairman.

Brownie troop No. 203 from the second grade are the proud possessors of a "honorable mention" in the recent Campbell Old Settlers Day Parade. They were the only unit in the immediate area to win an award. This group is led by Mrs. Robert Griffith, Mrs. Charles Younis, and Mrs. Ray Spiker.

Troop No. 203 is comprised of third grade girls and Mrs. James Barnett, Mrs. John Greensides and Mrs. Russell Bartoli are the leaders.

Mrs. Carl Falletta, Mrs. Frank Morello, and Mrs. H. L. Bellicetti

head troop No. 206 from the fourth grade. These three troops of Brownies number about fifty girls in all.

The Girl Scouts, while not so numerous as the Brownies, have a large number of activities. Mrs. Louis Spadafore is the leader of

the group and her co-leaders are Mrs. Lloyd Shults and Mrs. Thomas Williams. The girls are now laying plans for a program to be given at the school sometime next month to which the public will be invited.

How to make good telephone service even better . . .

You won't miss important calls when you answer promptly. When you have only two cards left to play in an exciting grand slam hand—or in any situation where you'd like to say "Wait a minute!"—it's always a temptation not to answer the telephone immediately.

The person calling, though, doesn't know what you're doing, and may hang up, thinking you are not at home. That way, you may miss important calls. So, next time your phone rings, won't you try to answer as quickly as you can?

A daughter, Yolanda Jean, was born February 28, to gladden the home of her parents, Mr. and Mrs. WILLIAM T. MATUZEK, of 575 McGlincey Lane.

One five year old Campbellite is having the vacation time of his life riding horseback and watching other operations of a 5,000 acre ranch in the Carmel Valley.

For Eddy Trevenhan, son of Mr. and Mrs. Gilbert Trevenhan, of 170 North Second Street, the one-month outdoor holiday on the "Double H" ranch owned by Helen Crocker Russell, owner of the Crocker National Bank, will come to an end this week end when his parents bring him back to Campbell.

Eddy has been "working" with his uncle Clyde Jennings in the care and training of 12 high spirited race horses but will probably be glad to return to his parents. Mr. and Mrs. Clyde Jennings, are superintendents of the Carmel ranch.

L. W. Harmon, Campbell real estate broker, who suffered a mild stroke about a month ago, has improved enough according to his doctor, Robert M. Wade, to leave his bed at O'Connor Hospital and return to his home.

He attended a meeting of the Campbell Rotary Club on Monday of this week, but has not recovered enough to engage in business. During his absence, his wife has been handling his business affairs.

A. M. CONLEY, former real estate broker, has returned to Campbell, and plans eventually to reenter the business field. He is visiting with Mr. and Mrs. L. W. Harmon.

Mrs. ANNIE HEDEGARD is planning an extensive tour of Europe, where she will spend four months. With about thirty other tourists under the auspices of a travel bureau, she will board the Vista Dome in San Francisco on the morning of April 17. They will arrive in New York on the 22nd, and embark on the Queen Elizabeth, on which they will later return. Disembarking at Cherbourg, the party will travel all through France, spending three or four days in Paris, through Belgium, Holland, Germany, to the Scandinavian countries, where the larger part of the holiday will be spent.

Mrs. Hedegard will visit Denmark for a month and Norway for 18 days, going to North Cape, northernmost point of the country and will of course visit Sweden.

This will not be Mrs. Hedegard's first tour abroad. She flew to Europe four years ago and followed a different itinerary, visiting Switzerland and Italy, in addition to some of the countries she will see this year.

MR. AND MRS. GEORGE W. YOUNG, retired ranchers from Kansas, who now live in Paso Robles were the guest of their daughter DOROTHY GOBLES and her family. DOROTHY AND JAMES and their son, GOEFERY and BRIAN, were thrilled to have the grandchildren with them for the weekend and planned many interesting things for their entertainment. DR. GRACE GRAHAM a school mate of MRS. GOBLE when she was attending Columbia University was a luncheon guest and met the parents of her long time friend for the first time. DR. GRAHAM and DOROTHY GOBLE were doing their masters together at Columbia when they became friends.

Later the group took a ride to see the new church under construction and the blossoms of the Santa Clara Valley making the tour through Los Gatos. Also during the weekend stay THE YOUNGS and MRS. GOBLE participated in a waffle dinner at the home of Dr. and MRS. ERMAN STADLER. MRS. STADLER'S parents the HARRY WOLTERS were also guests on this occasion. Most of all, the Youngs enjoyed their visit with their grandsons Geoffrey and Brian, the latter completely captivated the heart of his grandmother.

Local Marine Corps Reservists Plan Two Week Camp

Members of Moffett Field's citizen Marine unit, the 1st Army Delivery Company, are looking forward these days to June 27th.

This is the date when the Company will leave for their annual two-week summer training camp. Their destination and home for those two weeks will be the huge, regular Marine Corps Base, Camp Pendleton in Southern California, bordering the Pacific Ocean.

At Camp Pendleton they will live the life of regular Marines. They will rise at the sound of reveille from the bugle, will eat hearty Marine chow, and will train as a Marine team. At night, they will fall asleep without difficulty in regular Marine Barracks.

"We all look forward to summer camp," said Captain August B. Lindquist, Jr., the Commanding Officer of the 1st Air Delivery Company. "It is the opening of the year's training we have done at home. It gives us the opportunity to try out what we have learned and to put it to test under actual field conditions. In addition, since Marine Reservist units from other parts of the West will be present, it will give us a chance to see how we stack up against them. Personally, I think our company will stand high."

Church Building Goes Ahead On Donated Labor

Arches are up, foundations are hardened and ready for the side walls, plumbing is nearing completion, electrical work awaits the decision of the Committee and the P. G. and E. as to an entrance location, Miss Dorothy Gleason, pastor reports as the latest developments in the building of Cambrian Park Methodist Church at the corner of Wyrick Ave. and Gunstan Way in Cambrian Park.

A great deal of labor has been contributed by residents of the area, although rain and sickness among helpers caused a slow down during the past week.

Even so, Miss Gleason reports, new faces are showing up to donate labor in their off hours. Among the building crew under the direction of Don Christensen, and Leonard Detrick, chairman of the building committee, were M/Sgt C. G. Weister, son of Lawrence Weister, who is donating all the plumbing as his share of the building program.

Bert Prater, another member reported for work for the first time last week. His job had called him out of town previously.

Others who contributed work last week were: George Bulkley, Russell Freeman, (high man in the number of hours donated), L. J. Spedding, Wayne Thompson, Frank Gleason, G. C. Finrock, Sidney Wilcoxson.

Youth helping on the church grounds at clean up and stacking lumber were: Susan Gauff, Jack Escover, Charles Griffiths, Warren Vatcher, Richard Michael Lowe, Rickly Fitzgerald, Harrison (Bob) Melbourne, Michael Deignan, Bud Gauff, Bill Rivera, Richard Rivera, Kenneth Kitzmiller, Caspy McDevitt, Bill Hudson, and Mickey Guantone.

"There are still openings for qualified young men in the unit," Captain Lindquist said. "If they join soon enough, we will be able to make room for them in the group going to camp. It's no soft vacation, but we all come back tanned and healthy and hard as nails. Young athletes in the unit say it's the best kind of summer conditioning."

For the other fifty weeks of the year, the 1st Air Delivery Company meets for two-hour drills each Wednesday night at the Naval Air Station of Moffett Field.

In discussing the importance of Reserve training, Captain Lindquist pointed out that there were nearly 500,000 men in the Marine Corps during World War II.

"The valuable contributions Marine reservists have made in combating Communist aggression in Korea is well known to everyone," Captain Lindquist said. "Thousands have served in Marine posts and stations throughout the United States and overseas during this emergency."

"Today," he added, "when efforts are constantly being made to reduce the national expenditures, one of the most economical methods of maintaining a large military force is through trained reserves."

Teachers, Parents Meet To Discuss Mutual Problems

On Monday of this week, an open meeting was held at Campbell Grammar School which included among those present, teachers of the Elementary School District, interested parents of children attending the schools in the district, and two members of the board of trustees of the Campbell Elementary School District.

Purpose of the meeting, according to Ralph Dill, president of Teacher's association who conducted the meeting was to present a talk with charts showing a comparison of the local school district with others nearby. Meeting was called to enlist aid for better understanding between the teachers and the people of the district.

Meeting resulted in (1) the appointment of a committee to study school problems of the district in an effort to further improve the service to the local district and (2) to look into the question of teacher's salaries in an effort to arrive at equitable compensation for the amount and calibre of work performed in this area.

Members appointed to serve on these committees consisted of several teachers, parents of children from each school, and two members from the board of directors of Campbell Elementary School District.

Another meeting to check results of committee findings is scheduled for April 27, according to officials of the organization. This meeting will be called on the first day of Public School's Week.

Campbell Lion's Club President Harry Gerin, announced this week, that the board of directors of the club has signed to sponsor one of the country's leading musical attractions.

The Cabin Boys, Negro male quartet, reputed to be one of the greatest ever assembled, will appear at Campbell High School Auditorium, Thursday, April 9, in one of the most varied programs ever heard here.

The singers have just returned to the U. S. from Canada, where they filled some 60 dates to overflow crowds. These singers will all have impressive college, musical background, unusual range, perfect pitch, diction, close harmony and delicate shading. In addition to their group numbers, there are three top ranking soloists in the group.

BUCCANEERS LOG 4-1 WIN OVER RAMS

Campbell High's baseball team opened the 1953 season last Friday with a 4-1, victory over Willow Glen behind strong pitching by Ron Bacon and heavy batwork

by Duane Holm, Ron Citta, and Dick Nunez.

Bacon whiffed seven Ram batters and allowed only four hits, none of which were good for extra bases. Holm lofted one of Ram pitcher Dick Jones fast ones past the bus sheds in deep left field to go the distance, in the last of the third, to start the Campbell Rally. Citta poled a three bagger in the fourth followed by a double by Nunez in the fifth.

The visitors were saved from a complete washout when they recorded their lone tally in the final frame on two singles and a Campbell error.

Campbell's Don Field sparked defensive play with lightning grabs at shortstop.

M. R. DARLINGTON, JR., highway safety expert, in S. F.—"The majority of us learned to drive by the 'hit or miss' method."

DR. FLOYD L. RUCH, USC psychology prof.—"The voter no longer depends upon his lodge master or union leader for 'the word'—he gets his information direct and makes up his own mind."

FRED G. GURLEY, railroad exec., in L. A.—"Business can reach the highest level of productivity only under the stimulant of a free society and only when the government allows enterprise to receive fitting reward."
